History for:

ARA2_1 (paired) assembly contig match table annotated contigs

Annotate from Reference
1 feb 2023 01:32:30

Version:	CLC Genomics Workbench 23.0.1
Modified by:	USUARIO
Allow all annotations or a subset of annotations	Allow all annotation types
Ignore protein translations	Yes
Annotation overlap fraction	0,8
Annotation identity fraction	0,8
Add annotations to aligned contigs	Yes
Create contigs with annotations	Yes
Create report	Yes
Create table of transferred annotations	Yes
Create table of annotations not transferred	Yes
Comments:
